Please Note! <24 month business lending restriction. Due to high risks of lending associated with COVID, Marlin has restricted lending to newer entities. At this time, we are not lending to any business that is operating for less than 24 months. Please keep that in mind while speaking with your customers regarding financing. All applicants must have owned their business for at least 24 months to be eligible for financing at this time. We hope to remove this restriction by the end of the year; we will communicate the change when it is made.
